

+SOLO-BARIC[®] L7 SUBWOOFERS

Chock-full of innovation, the Solo-Baric L7 square subwoofer delivers extraordinary volume and power handling. Expect 20% more cone mass (and dB) than its circular competition.

+COMPVX[®] SUBWOOFERS

CompVX Subwoofers are an absolute powerhouse. With massive magnets and an ultra-strong, SoloKon™ cone system, you give it power, and it will give you an experience of a lifetime!

+COMPR[®] SUBWOOFERS

NEW 2016

CompR Subwoofer technology is built to last, delivering stunning amounts of bass every time you press play. Its advanced suspension system includes a ribbed Santoprene® surround and a large-diameter spider for distortion-free sound.

+COMPRT[®] SUBWOOFERS

NEW 2016

Think thin. To make your bass fit under a seat, under a back dash or even in your motorcycle bags, KICKER engineered a special motor and cone-support system that is as thin as it is powerful. Truly strong bass is now as simple as spelling two letters: R-T.

+2013 COMPR[®] SUBWOOFERS

Strictly high-performance-driven, 2013 CompR Subwoofers combine advanced components and superior technology for a workhorse bass-maker only KICKER could create. The CompR Subwoofer continues its legacy with bass impact and innovation.

+2013 COMPRT[®] SUBWOOFERS

CompRT 2013 Subwoofers have some of the thinnest mounting depths available from the world's bass leader for the trickiest installations. It's true, deep bass that's made to fit where conventional-sized subwoofers don't.

+RX AMPLIFIERS

The KX-Series is the perfect combination of power, Class-D efficiency and performance. Cool amps are powerful amps, so the KX-Series uses massive heat sinks for dissipating heat and advanced LED over/under voltage indicators for ultimate protection.

+CX AMPLIFIERS

NEW 2016

CX-Series Amps reach massive power levels in a compact unit, thanks to an optimized circuit layout and the highest-grade components available. An optional remote level control lets you adjust your bass right from the dash.

+2012 CX AMPLIFIERS

CX is the foundation for pure KICKER power and dependable, crystal-clear entertainment in a vehicle. You can expect an advanced feature set and trusted reliability that one would imagine.

+PX AMPLIFIERS

PX-Series Amplifiers are specially designed to do a big job in an incredibly small space using an absolute minimum of battery power. Now installing an amplifier discreetly under seats, in glove compartments or in motorcycle fairings and is easy!

+PX AMPLIFIED CONTROLLERS

NEW 2016

You don't need a radio to enjoy great tunes! This Bluetooth-enabled amplifier delivers an impressive 100 watts of power, with an included crossover, auto turn-on/off circuitry and separate weatherproof display all included. Stream your music here!

KICKER[®] +DRIVE ON

+2016

FOR THE
PROFIT DEALER

+COMP D[®] SUBWOOFERS

CompD woofers are equipped with a tough steel basket and ribbed polyurethane surround for eliminating distortion. Dual voice coils offer maximum installation flexibility to get the most out of your KICKER CX-Series Amps!

+COMPS[®] SUBWOOFERS

The CompS is equipped with a lightweight, injection-molded polypropylene cone and a strong, ribbed polyurethane surround to eliminate distortion. It's the perfect solution when you want to boom on a budget.

+SOLO-BARIC[®] L7 LED GRILLES

Protect your Solo-Baric L7 in style! A trio of grille finishes and seven awesome LED colors create a mood as unique as you are.

+SUBWOOFER GRILLES

Round grilles accessorize and protect your subwoofers. Classic "star" round-sub grilles fit almost all models of KICKER classic round woofers.

+SOLO-BARIC[®] L7 ENCLOSURES

Our legendary Solo-Baric L7 subs are paired with an enclosure optimized to deliver the signature "kick" in its bass response that you've come to love.

+COMPR[®] LOADED ENCLOSURES

The CompR Subwoofer Enclosure delivers on the promise of thunderous bass. Thanks to outstanding speaker construction and an enclosure that blows the doors off your ride, the legendary CompR Subs pound out the low end with authority.

+COMPRT[®] LOADED ENCLOSURES

Bass has never been this loud and deep in a box this thin. Using revolutionary Reflex-Subwoofer technology and advanced enclosure construction, KICKER has developed the perfect box for fitting behind or under your seat.

+2013 COMP R[®] ENCLOSURES

With our 2013 CompR Subwoofer loaded inside sturdy single and dual-sub boxes, the end result is intense. CompR 2013 Loaded Enclosures present a simple way to upgrade a sound system and satisfy the most radical bass cravings in any vehicle.

+2013 COMPRT[®] ENCLOSURES

Slim-profile, 2013 CompRT Loaded Enclosures are perfect for pickup-truck seats that hug the back of the cab, with three sub sizes in tight, sealed enclosures.

+COMPS[®] LOADED ENCLOSURES

High-performance CompS Loaded Enclosures represent an easy way to get big bass in your ride. Covered in thick carpet and vented for optimum output, these are ready-made bass machines.

+HIDEAWAY[™] POWERED SUB

KICKER's first compact powered subwoofer, the Hideaway Compact Powered Subwoofer delivers surprising low frequency output from a remarkably small enclosure, setting a new standard in plug-and-play bass performance and convenience in a vehicle.

+SUBSTATION[™] POWERED SUB

The PES10C SubStation Powered Enclosure blends a 10-inch Solo Classic[™] subwoofer with a 450-watt, Class-D amplifier in a compact sealed enclosure, providing its own signature sound and offering flexibility in today's space-challenged vehicles.

+KS COAXIAL SPEAKERS

KS-Series Coaxials represent the best speakers from KICKER. Silk-dome tweeters accompany a heavy-duty, woofer motor structure with EVC[™] (Extended Voice Coil) technology, creating remarkable bass response and an extremely smooth midrange.

+KS COMPONENT SPEAKERS

KS-Series Components are built for performance and flexibility. The woofers' removable phase plugs allow coaxial mounting and a large silk-dome tweeter creates a smooth distortion-free response.

+CS COAXIAL SPEAKERS

Rigid CS-midrange polypropylene cones ensure you get every bit of bass you need, and zero-protrusion PEI tweeters provide excellent audio quality without interfering with factory grilles.

+CS COMPONENT SPEAKERS

CS-Series Systems are a significant upgrade in sound over a stock system. Using EVC[™] technology ensures you get every bit of bass you need, while titanium-dome tweeters offer superb clarity to hear every detail your music has to offer.

+FRONT ROW[®] SIGNAL PROCESSOR

The Front Row makes music from a vehicle's system sound better than it ever has, with the listener experiencing staging, imaging and bass response actually like the artist intended – up close and live!
