

MATCH

KICKER Marine Amplifiers to KICKER Speakers and Subwoofers

(KICKER Amps can be recommended for many Marine applications; shown here are the most common)

KXMA-Series Marine Power Amplifiers – best features; most applications

KXMA SUBWOOFER AMP

KXMA1500.1- subwoofer amp

- *Best power-match for M-Class Premium subwoofers*
- 1-Ohm / 2-ohm 1500wRMS
- 4-Ohm 750wRMS

KXMA STEREO AMPS

KXMA1200.2 – tower-speaker amp

- *Best power-match for the 9” and 11” tower speakers*
- 2-Ohm 600wRMS x 2
- 4-Ohm 300wRMS x 2

KXMA400.2 –stereo amp

- *Best power-match for M-Class Premium and KMXL speakers*
- *Best power-match for KM-Series 8” tower speakers*
- 2-Ohm 200wRMS x 2
- 4-Ohm 100wRMS x 2

KXMA MULTI-CHANNEL AMPS

KXMA800.4 – high-power 4-channel amp

- *Best power-match for M-Class Premium and KMXL speakers*
- *Best power-match for KM-Series 8” coaxial tower speakers*
- 2-Ohm 200wRMS x 2
- 4-Ohm 100wRMS x 2

KXMA500.4 – 4-channel amp

- *Best power-match for KM-Series 6.5” coaxials and tower speakers*
- 2-Ohm 125wRMS x 4
- 4-Ohm 75wRMS x 4

KXMA900.5 – 5-channel, full-range and sub amp

- *Best amplifier for single-amp “in-boat” systems that include full-range speakers and a sub*
- *Perfect subwoofer section for KM-Series subwoofers*
- Full-range section: 2-Ohm 125wRMS x 4
- Full-range section: 4-Ohm 75wRMS x 4
- Subwoofer section: 1 or 2-Ohm 400wRMS x 1
- Subwoofer section: 4-Ohm 200wRMS x 1

KXMA800.8 – 8-channel, four-zone amp for multi-zone systems

- *Best amplifier for four-zone audio from a single amp*
- *Reasonable power for all speaker lines – KM / M-Class Premium / KMXL*
- Full-range section: 2-Ohm 100wRMS x 8
- Full-range section: 4-Ohm 50wRMS x 8

MATCH

KICKER Marine Amplifiers

to KICKER Speakers and Subwoofers

(KICKER Amps can be recommended for many Marine applications; shown here are the most common)

KMA-Series Marine Power Amplifiers – value-based; starter power

KMA SUBWOOFER AMP

KMA800.1 – subwoofer amp

- *Best power-match for KM-Series subwoofers*
- 1-Ohm 800wRMS
- 2-Ohm 600wRMS
- 4-Ohm 300wRMS

KMA STEREO AMP

KMA150.2 – stereo “add-an-amp”

- *Best amp for turning a “deck and four” into a “deck and six”*
- 2-Ohm 75wRMS x 2
- 4-Ohm 40wRMS x 2

KMA MULTI-CHANNEL AMPS

KMA600.6 – 6-channel, three-zone amp for multi-zone systems

- *Best amplifier for three-zone audio from a single amp*
- *Reasonable power for all speaker lines – KM / M-Class Premium / KMXL*
- Full-range section: 2-Ohm 100wRMS x 6
- Full-range section: 4-Ohm 50wRMS x 6

KMA600.4 – 4-channel amp

- *Good power-match for KM-Series coaxials*
- 2-Ohm 150wRMS x 4
- 4-Ohm 75wRMS x 4

KMA360.4 – 4-channel amp

- *A good value in a 4-channel power amplifier*
- 2-Ohm 90wRMS x 4
- 4-Ohm 65wRMS x 4
